This matter is in active litigation in federal court in the Northern District of California (before Judge Chen). On behalf of EPA, the U.S. Department of Justice filed a complaint against FCA US LLC and other related defendants on May 23, 2017. This complaint was filed in the Eastern District of Michigan, but this case was consolidated with consumer actions into multi-district litigation before Judge Chen. Thanks for your interest in this matter.

Subject: Notice of Violation for Model Year 2014-2016 diesel light duty Dodge Ram and Jeep Cherokee

Dear Ms. Pirrotta Caballero,

Please advise as to the current status of this Notice of Violation sent to FCA for the 2014-2016 3.0L diesel Dodge Ram and Jeep Grand Cherokee. There were software AECDS not properly identified in certification documents. This action was initially reported in automotive trade magazines, but to my knowledge there has been no followup information.

Thank you in advance for your assistance in this matter,

Best regards,
